

PRIGEL ISMAILA MANAHSETA

ARTIFICIAL INTELLIGENCE UNDERGRADUATE

Depok, Indonesia | prigelismaila@apps.ipb.ac.id | www.linkedin.com/in/prigel-manahseta-7399bb37a

Artificial Intelligence undergraduate at IPB University with hands-on experience developing AI-powered applications using Langflow, Retrieval-Augmented Generation (RAG), and Large Language Models (LLMs). Passionate about building practical AI solutions through Machine Learning, Natural Language Processing, and Generative AI while continuously expanding technical expertise through real-world projects.

TECHNICAL SKILLS

Programming

- Python
- C

AI

- Generative AI
- LLMs
- RAG
- Prompt Engineering
- Machine Learning
- NLP

Tools

- Langflow
- IBM watsonx.ai

PROJECT

AI Employee Onboarding Assistant

- **Developed a Proof-of-Concept (PoC)** onboarding chatbot to automate responses for simulated employee FAQs by integrating Langflow and LLMs.
- **Implemented a Retrieval-Augmented Generation (RAG)** pipeline to accurately extract relevant context from a custom-built dataset of dummy HR documents.
- **Ensured contextual accuracy and mitigated AI hallucinations** by strictly grounding the chatbot's generated answers within the provided document pipeline.

PROFESSIONAL EXPERIENCE

Secretary and Treasurer of Health, Safety, and Environment Division

March 2026 - May 2026

Ilkomerz Sport and Art Competition, IPB University

- Managed financial records and administrative documentation.
- Coordinated logistics and communication with committee members.

CERTIFICATION

IBM AI Literacy

July 2026

IBM Artificial Intelligence Fundamentals

July 2026

IBM Build an AI Agent

July 2026

EDUCATION

Bachelor's Degree in Artificial Intelligence

Aug 2025 - Present

IPB University

ADDITIONAL INFORMATION

- **Languages:** Indonesia, English.
